Can you all weigh in on whether there is consensus on this language?? I forwarded it to Tom Brooks to look at.

Caveats: NONE

Robin - Please see attached. I have deleted the first two sentences of your draft statement for the new Region 8 Generic IA that will have Work Authorization Forms (WAFS) for Upper Animas issued from the new Generic IA.

Please see the last page of the draft SOW that is also attached and the statement Kate Garufi already wrote for "Work Activation/Authorization Process". As Kate stated, the Generic IA will be accepted by the USACE EM CX (my office), and she also included statements regarding the site-specific WAF process. Kate statement is to be included in the Generic IA SOW.
